THE MOMENTS

ROAD TOUR

The route winds through the Franciacorta hills and the first elevations overlooking **Lake Iseo**, along a route selected to offer a smooth, technical, and rewarding driving experience.

After an initial smoother ride through the vineyards, the road tour gradually enters a more guided section, characterized by curves, changes in pace, and elevation changes that allow you to fully appreciate the cars' behavior.

The central part of the route develops at high altitude, with more technical sections and open views of the surrounding area, before descending towards Franciacorta along dynamic and well-connected roads.

An itinerary of approximately **50 km**, designed not for simple transportation, but to offer an engaging, continuous guide perfectly integrated with the local context.

After **driving**, time is measured in **flavors**.

BELLAVISTA

CEPPATE

THE CELLAR

Bellavista was born from the entrepreneurial vision of Vittorio Moretti, who in the 1970s recognized **Franciacorta** as a region capable of expressing unique winemaking excellence. Today, the winery represents a rare blend of artisanal tradition, research, and a deep connection to the land, where every detail, from grape selection to manual processes, contributes to defining a recognizable and timeless style.

A place where the concept of "**sense of place**" is not just a philosophy, but translates into an authentic, private, and deeply immersive experience, perfectly in line with an exclusive context like Dinamika Event.

BELLAVISTA
FRANCIACORTA

Guided through spaces where tradition and research coexist in balance, guests discover a production approach based on the rigorous selection of raw materials, parcel-by-parcel winemaking, and processes that still retain a strong artisanal component today.

From the winemaking areas to the aging cellars, where time becomes an essential element in crafting the Bellavista style, the journey allows you to understand the complexity and precision that define each cuvée. Attention to detail, the continuity of each approach, and the connection to the land emerge as distinctive elements of a company that has made excellence its identity.

THE VISIT

On the **Altalena terrace**, a moment takes shape in which the Dinamika Event collection takes center stage. A selection of Porsche cars, including racing configurations such as the 911 **GT3R** evo, will be presented in a private setting, accompanied by an **aperitif** featuring Bellavista **wines**, creating a direct dialogue between performance, design, and the region.

One cannot think well, **love** well, sleep well, if one has not **dined well**.

In the cellar hall, lunch is a natural continuation of the experience.

A defined and measured moment, in which the gastronomic offering reflects the level of the context, maintaining balance, quality, and coherence.
